Richland

Ryan L. Smith, formerly of Magi Real Estate Services, has joined the local office of The Richland Cos. as a tenant representative. Smith will be responsible for marketing and leasing Richland's properties, as well as the firm's third-party assignments. He also will work with clients to help locate and negotiate commercial leases for properties here and in other U.S. markets.

Prior to Magi, Smith served in the U.S. Marine Corps.

"Ryan's real estate background, combined with his decorated leadership skills in the United States Marines Corps, will bring a knowledgeable and demonstrated leader to Richland and our clients," says Mickey Meyer-Sturgis, vice president of leasing and redevelopment.

Houston-based Richland currently owns more than 400,000 square feet of commercial real estate in San Antonio — a mix of retail and office/service-center buildings, according to the firm's Web site.
