The oil slump hasn't stymied all Houston growth. Just ask the 2016 Fast 100 finalists.

Close to 200 companies submitted applications to be on this year's Fast 100 List, which recognizes the fastest-growing Houston-based private companies. Companies who made the cut range from pediatric urgent care providers to energy engineering firms to inflatable party rental companies.

Meet the Houston Fast 100, the fastest-growing private companies in the city.

Companies on the List are ranked by two-year revenue growth between 2013 and 2015. In order to qualify, companies must have closed five full fiscal years by Dec. 31, 2015, be headquartered in the Houston area, earned at least \$1 million in revenue for fiscal year 2015, and be for-profit and privately held.

HBJ will release the rankings — including the coveted No. 1 spot — and celebrate the companies on Sept. 9 at the Fast 100 Awards at the Royal Sonesta. [Click here to register for the event.](#) Check out [photos from last year's event here.](#)

The Fast 100 List will be published in a special section of the Houston Business Journal's Sept. 9 edition. [Click here to subscribe.](#)
